4. MINIATURE/MINIFLORA ENGLISH BOX. Six exhibition-quality blooms of any variety or combination of varieties of miniature and/or mini-flora roses correctly named and exhibited in boxes furnished by the society. No foliage is permitted to show. Scoring will be based on the ARS point system with the following exception. The 30 points normally allowed for stem, foliage and balance will be awarded to over-all beauty, composition, and excellence of the exhibit. ARS Miniature English Box Certificate and Award

5. ARTIST'S PALETTE. Seven shrub and/or old garden rose varieties exhibited in an artist's palette provided by the society. No more than two roses of any variety may be included, and foliage is not permitted. The blooms should represent a range of colors as used by an artist. Scored as in Class 4 Award

6. HI-LO. One hybrid tea or grandiflora bloom, and one look-alike miniature or mini-flora bloom, exhibited in separate containers with separate entry tags provided by the society. ARS Hi-Lo Certificate and Award

SECTION B: SPECIMEN ROSE CLASSES

Roses will be placed in alphabetical order in each class according to the name of the variety or cultivar. Each separate variety or cultivar will constitute a separate subclass, and a rose or roses entered in this separate subclass will be judged against the standards for that variety. In most cases, an exhibition bloom is considered to be at its most perfect stage of possible beauty when it is from 1/2 to 3/4 open, with the petals symmetrically arranged in an attractive circular outline tending toward a high center. Single and semi-double varieties should be open, with fresh stamens.

Indicate Class 1 for large roses, Class 2 for miniatures and minifloras.

RULES FOR ROSE SPECIMEN ENTRIES, DIVISION I

1. **Entries will be accepted from 7:30 until 9:30 a.m. Saturday, June 26, 2010. The show will be open to the public from 1:00 PM to 4:30 PM.** No roses, prizes or awards may be removed until after the awards ceremony at the close of the show. This show will be governed by the standard rules and regulations of the American Rose Society. The final authority for a rose show is its own schedule, which should be followed as printed.
2. Competition is open to all rose growers regardless of residence. Exhibitors need not be members of any rose society. All exhibitors must be signed in at the classification table, located in the atrium. This is necessary for tabulation purposes.
3. All specimens entered in Divisions I and III must have been grown in the exhibitor's private outdoor garden. Only one person or team from any one garden may make an entry in a class. Duplicate entries shall be disqualified.
4. Vases for specimens will be provided in Divisions I and III unless noted. No foreign materials other than clear plastic wrap or green styrofoam are to be used as wedging material for rose stems. Discretion in wedging is advised to avoid distraction from the rose. No water-soluble florist's foam is permitted, as it soils the water in the vases.
5. Entry cards are provided by the Society. They should be completely filled out by the exhibitor, attached to vases with rubber bands and left unfolded for classification. Help with rose names is available at the classification table.
6. Classification of roses will be accordance with the latest edition of Modern Roses, the ARS Annual, The Handbook for Selecting Roses, the Combined Rose List or the New Rose Registration listings in the American Rose magazine current to the date of the show. All specimen roses exhibited must be entered under their approved ARS exhibition names. Though not desirable, commonly accepted abbreviations of names are acceptable.
7. Except for Challenge Classes, the placement of exhibits on the show tables will be handled by the placement committee, working from the classification table. No exhibitors, other than those preparing designs or placing challenge class entries, will be allowed on the show floor during placement.
8. Judging will be in accordance with the current edition of the American Rose Society's Guidelines for Judging Roses, and will begin at 10:00. Only judges, clerks and necessary show personnel are permitted in the show area during judging. Decisions of the judges are final.
9. First, second, third, and honorable mention ribbons will be awarded in each class on the basis of quality in the opinion of the judges. Only blue ribbon winners are eligible for trophy awards. No award is required to be awarded for any entry or class.
10. Traveling trophies are the property of the Pikes Peak Rose Society and must be available at next year's show. **Traveling trophies won by non-members or out of town individuals will have the winners' names engraved on them and will be retained by the Pikes Peak Rose Society.**
11. Awards, ribbons, and other properties must be claimed at the close of the show. Exhibitors are to remove their own specimens. Abandoned specimens will be given to the security staff.
12. The Pikes Peak Rose Society and Pike's Peak Community College are not responsible for the loss of personal property or for injury to persons attending the rose show. Liability of all nature is disclaimed.

SCALE OF POINTS FOR HORTICULTURAL SPECIMEN ENTRIES:

FORM, 25 points; COLOR, 20 points; STEM and FOLIAGE, 20 points;
SUBSTANCE, 15 points; SIZE, 10 points; BALANCE AND PROPORTION, 10.

The bloom should be symmetrical in form and be typical of its variety. Color and size of the bloom should be typical of its variety. The stem of the rose should be straight and of adequate length to support the bloom. Foliage should be evenly spaced on the stem, be clean and be of good color. Good substance refers to the amount of water in the cells of the petals and foliage; a loss of substance shows in drooping leaflets and petals. **Please check all of your entries to be sure your vases are full of water.**

HORTICULTURE DIVISION DISQUALIFICATION

Horticulture entries can be disqualified for the following reasons:

1. Entry misnamed, unlabeled or mislabeled, or entered in the wrong class.
Judges please note: Although correct spelling is highly encouraged, mis-spelling does not constitute mis-naming or mis-labeling. Corrections may be noted on the back of the entry tag.
2. Stem-on-stem. A rose may not be exhibited with a portion of the previous stem growth attached. Old garden roses and shrubs are not subject to the stem-on-stem rule. Lateral bloom sprays are also exempt.
3. The presence of foreign material applied to the foliage, stem, or bloom to improve the appearance of the specimen.
4. Not disbudded. Any class calling for one-bloom-per-stem must be exhibited without side buds. A side bud is defined as growth emanating from a leaf axil having sufficient maturity to display the formation of a stem without flowers or buds. **The presence of one or more immature leaflets or leaves at the leaf axil with no evidence of a stem is cause for penalization, not disqualification.**
5. A specimen in violation of ARS or show rules.
6. A specimen not registered with the ARS.
7. The appearance of the exhibitor's name on any location other than the designated place on the entry tag.
