Entries will be accepted from 8:00 until 9:30 a.m. Sunday, June 18. No roses or awards may be removed from exhibition until after the awards ceremony at the close of the show.

1. This show will be governed by the standard rules and regulations of the American Rose Society. The final authority for a rose show is its own schedule, which should be followed as published.
2. Competition is open to all rose growers regardless of residence unless otherwise stated in this schedule.
3. Exhibitors need not be members of any rose society, unless otherwise stated in this schedule.
4. All exhibitors must be signed in at the classification table. This is necessary for tabulation purposes.
5. All specimens entered in Division I must have been grown in the exhibitor's private outdoor garden. Only one person or team from any one garden may place an entry in a class. Duplicate entries shall be disqualified.
6. Vases and containers for specimens will be provided in Division I unless otherwise noted.
7. No foreign materials other than clear plastic wrap or green Styrofoam are to be used as wedging material for rose stems. Discretion in wedging is advised to avoid distraction from the rose. No water-soluble florist's foam is permitted, as it soils the water in the vases.
8. Entry cards are provided by the Society. Top and bottom parts should be completely filled out by the exhibitor, attached to vases with rubber bands and left unfolded for classification. Help with rose names is available at the classification table.
9. Classification of roses will be in accordance with the latest edition of Modern Roses, the ARS Annual, the Handbook for Selecting Roses, the Combined Rose List or the New Rose Registration listings in the American Rose magazine current to the date of the show. All specimen roses exhibited must be entered under their approved ARS exhibition names. Though not desirable, commonly accepted abbreviations of names are acceptable.

No exhibitors, other than those preparing designs or placing challenge class entries, will be allowed on the show floor during placement.

11. Judging will be in accordance with the current edition of the American Rose Society's Guidelines for Judging Roses, and will begin at 10:00 a.m. Only judges, clerks and necessary show personnel are permitted in the show area during judging. Decisions of the judges are final.

13. Any traveling trophies which are the property of the Denver Rose Society must be available at next year's show. **Traveling trophies won by non-members or out of town individuals may have the winners' names engraved on them and will be retained by the Denver Rose Society.**

14. Certificates, ribbons, and other properties must be claimed at the close of the show. Exhibitors are to remove their own specimens. Abandoned specimens will be given away or discarded.

15. All exhibitors are expected to help with clean-up at the close of the show.

16. The Denver Rose Society, the Rocky Mountain District of the ARS and the Denver Botanic Garden are not responsible for the loss of personal property or for injury to persons attending the rose show. **Liability of all nature is disclaimed.**

HORTICULTURE DISQUALIFICATION

Horticulture entries can be disqualified for the following reasons:

1. Entry misnamed, unlabeled or mislabeled, or entered in the wrong class. **Judges please note: Although correct spelling is highly encouraged, mis-spelling does not constitute mis-naming or mis-labeling. Corrections may be noted on the back of the entry tag.**

2. Stem-on-stem. A rose may not be exhibited with a portion of the previous stem growth attached. Old garden roses and shrubs are not subject to the stem-on-stem rule. Lateral bloom sprays are also exempt.
3. The presence of foreign material applied to the foliage, stem, or bloom to improve the appearance of the specimen.
4. Not disbudded. Any class calling for one-bloom-per-stem must be exhibited without side buds. A side bud is defined as growth emanating from a leaf axil having sufficient maturity to display the formation of a stem without flowers or buds.
Judges please note: The presence of one or more immature leaflets or leaves at the leaf axil with no evidence of a stem is cause for penalization, not disqualification.
5. A specimen in violation of ARS or show rules.
6. A specimen not registered with the ARS, except for classes 15 and 16.
7. The appearance of the exhibitor's name on any location other than the designated place on the entry tag.

The roses in the design must be correctly named.

The design must conform to the type of design required in the class.

The design should conform to the theme of the class and to other specific requirements of the schedule.

USE OF DESIGN PRINCIPLES: 5 points are assigned per principle for a total of 30 points.

These six design principles are Balance, Contrast, Dominance, Proportion, Rhythm and Scale.

1. Balance – Both physical and visual stability should be evident. Balance should be featured front to back, side to side, top to bottom, and may be either symmetrical or asymmetrical. Balance should be achieved within the design as well as the outline.

2. Dominance – The stronger effect of one or more of the elements in a design.

Dominance is observed in color, shape, forms, etc. Roses must be the dominate flower.

3. Contrast – The use of unlike qualities or elements to emphasize difference. Contrast is achieved by the use of color, shapes, and texture in any or all components.

4. Rhythm – A visual path through a design. Rhythm may be achieved through repetition of colors, shapes and sizes to unify the whole.

The area around the design should be clean.

DIVISION II: RULES FOR DESIGN EXHIBITORS

All arrangers must make reservations for their designs by 8:00 p.m. Thursday, June 15th, 2017. Contact Collette Morton at collettemorton@yahoo.com or 720-402-8801. Failure to do so results in inconvenience for other arrangers, who may have to move their designs to accommodate you, and/or may mean there is no space available for your design. Designs will be placed by the arranger between 7:00 and 9:30 a.m. on June 18th 2017. All entries and awards must remain in place until 4:00 p.m. on that date.

1. General rules of the show in the horticulture schedule shall apply to the design entries where applicable. By entering this show given under American Rose Society rules, exhibitors agree to abide by those rules.
2. The Arrangements Division will be judged in accordance with the current Guidelines for Judging Rose Arrangements, published by the American Rose Society, and available at www.rose.org. The decisions of the judges are final.
3. All designs must be the original work of the arranger.
4. All classes are open to all arrangers except the novice, junior and judges' classes.
5. Only one entry per exhibitor is permitted in each class. More than one exhibitor from the same garden may enter the same class
6. Designs will be judged in the class in which they are placed. It is the responsibility of the arranger to ensure correct placement.
7. Only the arranger may touch or move a design. If a design must be moved, and all efforts to locate the arranger have failed, the Arrangements Chair may carefully move it.
8. All roses used in the design should be correctly identified with their approved ARS Exhibition Names on the entry tag or an accompanying 3"x5" card, with penalization incurred for unnamed or misnamed roses, relative to the number of roses involved. An accredited ARS judge will verify the varieties used. Entry tags must be completed in full.
9. Only those arrangements using arranger-grown, fresh roses are eligible to receive American Rose Society Medal Certificates. Entry tags shall be marked "ARRANGER-GROWN" or "AG" on the upper part of the entry tag if the roses used in the arrangement were grown by the exhibitor.
10. A 3"x5" card with a brief interpretation of the design as it relates to the class title may be placed with the design, but is not a necessity.

11. All roses must be outdoor, garden grown roses and be of high quality. The use of commercially grown roses will cause a design to be disqualified. Other fresh plant material may be outdoor grown or purchased. Other flowers may be used, except as specified by the schedule, but roses must be the dominant flower interest in an arrangement.

12. Dried or contrived plant material, decorative wood, exhibitor-furnished backgrounds, underlays, and accessories are permitted in a design except where prohibited by the schedule.

13. No treated or painted fresh plant material is permitted in a design, and the use of artificial plant material will cause a design to be disqualified.

14. No flower appearing on Colorado's conservation list may be used in any design. Use of the American flag or the flag of any other country is not permitted in any design. Use of live creatures is also not permitted.

15. Only roses classed as miniature or miniflora roses by the ARS may be used (in addition to other material as desired) in the section for miniature and miniflora designs if permitted by the schedule. Miniflora roses are not permitted in the RMD Geraldine Boller Memorial class.

16. The size of a design using miniature and/or miniflora roses will be based on a cube, using height, width, and depth as the dimensions to be measured, as specified by the schedule. Underlays and backgrounds MUST be within the size limit of the class, as determined by the schedule. Miniature/miniflora designs may be placed on raised bases provided by the show committee; the bases will not be considered as part of the arrangement.

17. Standard designs may be no more than 30" wide and 30" deep unless otherwise noted in the schedule. There is no restriction on the height of standard designs, with the following exception: the Duke class has a limit of 20 inches in any dimension.

18. If possible, standard designs will be placed in front of a neutral wall or on an open table. The exhibitor has the option of providing a background of his or her choice. Care should be taken that the background does not impinge on another exhibitor's allotted space.

19. A novice shall be defined as anyone who has not received an award in the design division of an ARS rose show.

20. A junior shall be defined as anyone 18 years of age or under.

21. Blue ribbon winners must score 90 points or higher. To be eligible for American Rose Society awards, arrangements must score no less than 92

points. Only blue ribbon winners are eligible for American Rose Society certificates.

22. Arrangers' names should be placed on the bottoms of vases, containers, etc. All reasonable caution and care will be taken, but the show committee, the Denver Rose Society and Denver Botanic Gardens will not be responsible for loss of or damage to property. The exhibitor assumes all liability.

There are only two causes for disqualification of an arrangement:

1. The roses were not grown outdoors, for example, using roses from a florist.
2. Using any type of artificial material in an arrangement, for example, silk or plastic leaves.

Any designer entering an arrangement in the show for the first time will receive a thank you gift bag. Such entries can be made in any class (not just novice classes) excluding the judges class.

TO SHOW YOUR ROSES AT THEIR BEST, MAKE SURE YOUR VASES OR CONTAINERS HAVE AMPLE WATER.

DIVISON III

RULES FOR ROSE SHOW PHOTOGRAPHY EXHIBITORS

THE ROCKY MOUNTAIN DISTRICT OF THE AMERICAN ROSE SOCIETY

Entries will be accepted from 8:00 until 9:30 a.m. Sunday, June 18. No roses or awards may be removed from exhibition until after the awards ceremony at the close of the show.

1. Exhibitors need not be members of any rose society. However, the Kirkley Memorial Rocky Mountain Division class requires ARS membership and residency in the Rocky Mountain District.
2. Each photograph must be the work of a single exhibitor or team.
3. Exhibitors may enter no more than two photographs of **different** subjects in any one class, and each photograph may not be entered more than once in the same show. **A photograph entered in more than one class will not be judged in any class.**
4. Previous winning photographs, defined as first place (blue ribbon) awards in any Rocky Mountain District or local rose show, may not be entered again in another show within the district.
5. First, second, third and fourth place awards or no award may be given to any photograph entered in a class. (That is, multiple first through fourth place ribbons may be awarded in each class at the discretion of the judges.) Certificates and rosettes may be awarded as specified in the show schedule.
6. The show committee will furnish entry tags that must be filled out completely by the exhibitor. **Nothing identifying the exhibitor should appear on the face of the photograph.** A name appearing on the face of the photograph will cause disqualification of the photograph from being judged. The entry card should be folded so that the name of the exhibitor does not appear, and the card should be placed to the immediate right of the photograph.
7. If the photographer has grown the roses in the photograph he or she should mark the entry card with an PG for photographer-grown at the top of the card. American Rose Society Medal Certificates may be awarded to blue-ribbon photographs of roses grown by the photographer.

8. Entries may be placed by the exhibitor with the understanding that the placement may be adjusted at the discretion of the show chair should space become a concern.

9. Exhibitors should exercise great care in the placement of their entries to make sure that their photographs are entered in appropriate classes.

A thorough reading of the photography schedule is necessary before entries are placed to avoid classification errors. Photographs will be judged in the classes in which they are placed.

10. Those judging the photography division and their immediate family members should enter their photographs in the Judges Section only. **Those judging horticulture and arrangements may enter photographs in any section except judges.**

11. Judges shall be ARS Accredited Horticulture and/or Arrangement Judges. A professional photographer may be added to a team of three judges, two of whom must be ARS accredited. The show committee should make every effort to use judges with some expertise in photography.

12. The name of the rose(s) should appear on the entry card. If the variety is unknown to the photographer, "Unknown Variety" should be written in the name space, and the judges may determine if the lack of a name affects the score of the photograph. "Unknown Variety" will not disqualify a photograph.

13. Photographs will be displayed as may be described in the show schedule. The judges may ask a clerk to pick up a photo gently by its edges if it is necessary to view the photo adequately. Under no circumstances will a photo be handled in such a way as to disclose the name or identifying information of the exhibitor.

14. Photographs taken with digital equipment or film are equally welcome. Digital enhancements as well as darkroom enhancements are allowed.

15. Photographs may be in color or black and white or a combination of both color and black and white.

16. All photographs are to be mounted and matted, except in the Novice and Junior Classes. **An unmounted, un-matted photograph will not be accepted for judging or display.** The color of the mat is at the discretion of the exhibitor, but should complement, not compete with, the photograph.

17. The outside dimensions of the mat are to be no larger than 15" x 15". The orientation of the photograph may be either landscape or portrait.

18. Photographs may be no smaller than 4" x 4" and no larger than 12" x 12". Non-standard shapes such as ovals or circles are welcome if the mat opening fits within the size limits.

19. The show committee will exercise due caution in protecting all exhibits, but the local rose society, the Rocky Mountain District, the American Rose Society and the facility in which the show is being held assume no responsibility or liability in the loss of, or damage to, the property of the exhibitor.
